Themes: Getting Acquainted and Manners

947 East Division Lockport, IL 60441 (815)-838-2855

Language Arts:

The children will be busy learning new finger plays and listening to many flannel board and book stories. Our discussions will include different types of things we will be doing in school and our favorite things.

The phonics board will also be a hot spot, helping to reinforce our letters and the sounds they make. We will also discuss capital and lowercase letters.

Craft and Writing:

These next two weeks we are going to be working on our readiness papers to help reinforce our letters A, B, C and D. In addition, the children will be introduced to all of our colors in the next two weeks. A few art projects to help us get to know each other will be lots of fun.

Concept:

The children will be introduced to a lot of new things over the next two weeks, including graphing. They will graph their favorite color, as well as their favorite activities to be done at home and school. They will learn the calendar routine and all the songs that go with it. The children will also learn how to do our shelf jobs.

Motor:

The start of the new school year will have us reviewing playground safety and rules while we are outside. Swings, basketball hoop and climbers, Oh, my! We will take advantage of the nice weather with some outside sports that will be played throughout the year.
