**THEME:** Shapes

Shapes are all around us! The children have already learned several shapes throughout the year, and this week we will explore different concepts of these shapes. The shapes *oval* and rhombus will be introduced this week.

Let's celebrate!

Wear something green on Thursday, March 17 in honor of St. Patrick's Day.

**Language Arts:** Circles, squares, and rectangles, oh my!! Let's review all of the shapes we have learned through songs and fingerplays. We will use our picture file to learn that everything has a shape.

**Concept:** Jobs pertaining our new shapes will be added to the shelves. We will work together on shape matching and one-to-one correspondence.

**Craft & Writing:** Many projects will help with the review of the many different shapes we have learned. Our new shapes, oval and rhombus will be added to this list of shapes. Play doh play will help strengthen our fine motor skills.

**Motor:** This week, we will be continuing our exercises and target practice. Shape toss and shape relay will help with our daily review. Marching around the room to music with our shapes will add to our daily fun!
