

# Two's News

March 7-11

Topic: Spring

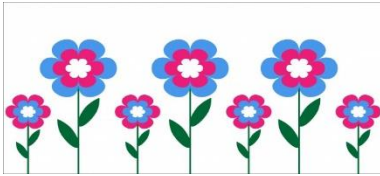

Introduce: Ee

Bits of Intelligence: Musical Instruments

Vocabulary: enthusiastic: full on excitement

## Language Arts

With Spring in the air, we will talk about how warmer Spring weather will melt the snow away. Soon we will be able to see green grass! One class activity will have the children plant pretend flowers to create a pattern of small to big. Patterning is a very important step in learning how to read left to right. Try "reading" patterns at home!

We are so excited to welcome Spring! Many songs and books will help us to prepare for the changing season. Mrs. Christine has many fun flannel board stories to share to help introduce Spring.

## Concept

## Craft & Writing

Raindrops will appear at the beginning of the week. The children will be working hard creating special crafts for our Spring color days.

Now that the snow is melting away, we hope to get our little running feet outdoors. We will celebrate the arrival of our new season as we dance around waving colorful scarves.

## Motor

Wear your **GREEN** on Wednesday, March 17<sup>th</sup>.

Help us celebrate the arrival of Spring by wearing the colors **PINK** and **YELLOW** on March 22<sup>nd</sup> and 23<sup>rd</sup>

## Reminders:

Spring Break

April 11-15
