

Junior Journal

March 14-18 Week 31 Theme: Spring

Concept

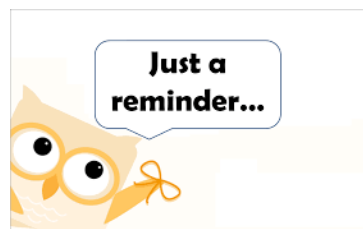

Throughout the week in Ms. Jen's room the children will become more aware of the many changes that take place during this season. Weather permitting, we plan to take a walk around the playground to observe signs of spring. Science activities will be done to discover more about spring.

Motor

To get in the spirit of spring, Ms. Demi will take the students outdoors for motor fun this week. We will also have a great time doing our beanbag CD and a spring color path activity. Our obstacle course becomes more challenging as the children walk backwards on the balance beam.

Help us celebrate the arrival of Spring by wearing the color **BLUE** on Tuesday March 22 and Wednesday March 23

Spring Break is April 11-April 15

No preschool (9:00-12:00) classes. We are open for daycare only.

Language Arts

All we can talk about is spring! Ms. Jen has many books and flannel board stories planned. If weather permits, we may enjoy story time outside

Craft and Writing

The teachers will have the Juniors busy with lots of pencil work. A St. Patrick's Day craft is planned to celebrate the upcoming holiday.

St. Patrick's Day Celebration

Thursday, March 17th

Don't forget to wear **GREEN!!**
