## Week 34: April 18-22, 2022 Theme: Trees/Earth Day

### Language Arts:

We will be discussing several things we can do to help take care of the Earth, as we celebrate Earth Day on Friday, April 22. Topics will include: recycling, planting seeds, and conserving energy. The children will see there are many things they can do on their own to help. Go Green! We also have recycling songs and fingerplays.

### Concept:

Science, science, science! The children

will be learning several things that happen to our planet, and the importance of recycling and caring for nature. We will discuss air pollution, and the negative effects it has on the Earth. We will learn how we can help prevent this! On top of our theme, we will continue estimating distance, and counting to 100, backwards from 20, and pattern clapping.

### Motor:

Outdoors, we'll play

Duck, Duck, Goose and hopscotch as we admire the pretty trees.

### Craft and Writing:

We'll be printing our names and letters to help us review. We will also be creating Earth Day projects.

### Happy Birthday!!!
