### Language Arts:

These two weeks we will enjoy some stories about the Zoo. We will discuss what kind of animals are at the zoo and how the zoo keepers take care of the animals. We will also talk about what animals eat. What's your favorite zoo animal?

### Motor:

We will be reviewing activities on our equipment and trying to get outside in the fresh air to play some games. Animal Action will be a movement activity done over the next two weeks.

### Concept

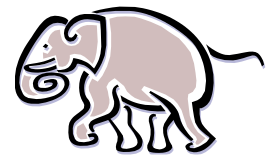

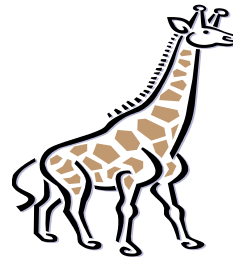

We will begin the week with a review of several of the jobs on the concept shelves. We will also continue to work on the concept of place value.

An estimation game will have the children guessing objects in a jar ranging from 11-30. We will look at all the animals at the zoo and where they live and what they eat.

### Craft and Writing:

In these next two weeks we will be evaluating the children again. Due to the evaluations going on some of your child's papers may not be completed in class and will be sent home. We will also have some papers that will help us review our letters and numbers.

- Review all concepts

## NOTES TO PARENTS:
