We will be continuing our STEAM Ahead Summer Camp with two weeks of story time fun! The children will be enjoying several fun stories this week, and focus heavily one of our favorites, *The Very Hungry Caterpillar*, by Eric Carle.

Language Arts:

The children will not only be enjoying stories, but also see them come to life through a variety of activities. *The Very Hungry Caterpillar* will have the children discussing caterpillars, butterflies, and delicious foods. The kitchen sets and science tables will be open in the classrooms, to have them really explore

this book hands-on.

Concept:

The children will learn about a caterpillars transformation to a butterfly, and so much more. They will also be identifying the days of the week, and the numbers of foods consumed, as the caterpillar eats throughout the book. The sensory bins and concept shelves will also be open for the children to enjoy.

Motor:

We hope to enjoy the majority of our motor time outside, and enjoy some of the warmer weather. Indoors, the

children will enjoy games that will turn them from a caterpillar to a butterfly!

Craft and Writing:

Caterpillar and butterfly themed art will be created. The children will get to use the materials on our art shelves to create these works.

Happy Birthday!!!
