Theme: Getting to Know You

August 15-19

Getting to know Mrs. Jackie: Hi! My name is Mrs. Jackie and I've worked with Bobbie Noonan's for 16 years. I absolutely love teaching and working with young children because every day is new and exciting to them. At home, I have two young boys of my own. They are 4 and 6 years old and are also excited to start a new year! Our favorite thing to do is gather together with family and cousins. When I'm on my own I enjoy drinking Starbucks and shopping at Marshalls and Target. My favorite holiday is Christmas! I love to decorate, craft, bake and listen to Christmas music.

Getting to know Mrs. Ann: Hello! My name is Mrs. Ann and this is my third year at Bobbie Noonan's. I have three children in college. At home I like to read and clean. I love music, singing and Toddlers!!

We are so excited to welcome all of our new friends! Mrs. Jackie and Mrs. Ann are going to make sure your little ones have fun each day! This week will be all about getting to know each other, the routine and classroom reminders. At circle time we will learn our friends' names with our colorful slippery fish song. Language time will be full of books, songs and flannel board stories as we enjoy a classic favorite – Eric Carle's "Brown Bear, Brown Bear". In music time we will get our little friends marching around the class and dancing with scarves as well as enjoying some musical instruments. Concept is our math and science portion of the curriculum. This is where your child will work on learning numbers, shapes, enjoying shelf jobs (working on manipulatives) as well as exploring sensory play. We look forward to introducing all of these activities and learning opportunities to your children and thank you for entrusting us with their care and education.

Classroom Reminders

1. Use listening ears
2. Walking feet
3. Use nice touches.
