Theme: **Families**

November 28, 2022

We are preparing to discuss *Families* and the traditions each of us treasure as we enter the holiday season.

INTRODUCTIONS

Q & R

15 & 16

Fable #5, "The Boy and the Hazelnuts"

Moral: Do not take too much at one time.

Vocabulary: elation-high spirits

Concept: Counting the members of our families will keep us busy this week. The **Golden Beads** are introduced. This is a Montessori based system used to teach quantities and counting using math values. This week, we begin with the one's unit.

Motor: During our families and friendship week, we will work on being kind to others. We will choose teams for different games and see that all teams are winners here at Bobbie Noonan's.

Language Arts: Oh! I think I hear jingle bells! We are anxiously waiting for Christmas bells, songs, stories, and family times together. I can't wait to talk about the signs of Christmas and festivals around the world, such as Hanukkah and Kwanzaa.

Craft and Writing: Along with printing our new letters, Christmas crafts will begin this week. Our little elves will be preparing a special gift for mom and dad, and decorating our classroom for this magical season.
