**Theme:** Transportation

Weeks of 1/30 & 2/6

**Happy Birthday Nicole Kuryliuk 2/4, Eloise  
Hundley 2/9 & Maya Jocic 2/12 !!**

**Language Arts:** One of our favorite themes have arrived—Transportation! Everyone loves to play with transportation vehicles and our all time favorite song is “The Wheels On The Bus!” Planes, trains and automobiles will be arriving, along with buses and dump trucks. We will even be pretending to be windshield wipers! Hopefully, you will be hearing something like this:

*“Bus, bus may I have a ride?  
Yes, yes please step inside.  
Put in some money  
I’ll step on the gas  
Chug away, chug away  
But not too fast”*

**Art:** We will be discussing planes, trains and automobiles. We will be coloring, painting and mosaicing things that go. We will also learn the action words come and go. What an exciting and action packed two weeks we have planned!

**Concept:** In concept we will bring out a special review board that uses cars, trains and planes. We will also play a game where I will tell the children to place a certain number of blocks in a dump truck and then dump them out. A transportation memory game will also be added to the job shelf. We’ll have fun making boats out of blocks and playing in the water table.

*Our 50% off registration is only open until February 14 . All children attending school this year must register again for summer and fall 2023. The summer activity fee is \$30.00; Fall 2022 is \$50.00 for one child or \$75.00 for a family.*
