

"Anyone who has never made a mistake has never tried anything new."

-Albert Einstein

* The Kindergarten News *

for the week of 2 / 6 / 23

- Theme — Dinosaurs
- Introduce — Money – quarters, dollars and counting money / Sight Words — am, said, for, & one / Review letters Ee & Hh / OT word family

Language Arts

Dinomania will conclude in the kindergarten room this week as we continue our unit on DINOSAURS! This week we learn the names and some interesting facts about various dinosaurs, many of which will appear on our theme table. The children are welcome to bring their favorite dinosaurs to share with the class and wear their favorite dinosaur shirts on Friday. We will continue our letter review with work on the letters Ee and Hh. The children will also learn the words associated with the "OT" word family.

Math / Science

We will continue to discuss the different types of dinosaurs. This week we will take a poll and graph the children's favorite dinosaurs. Each day we will learn about the children's favorites, like the T-Rex, Stegosaurus, Triceratops, and Brachiosaurus. We will move on to learning to recognize and understand the value of quarters and dollars this week. The children will practice counting money and will get to "buy" things in class.

Student of the Week

Skaiste Zemaityte

Important Dates
