Theme: Our Feelings

Review:

All that we have learned so far!

Language Arts: Let's learn about feelings! We will explore simple emotions like happy, sad, sleepy, and angry. We will read books about feelings and sing some songs. Our featured book of the week is, "Wild Feelings"

Craft and Writing: Let's color the special Inside Out characters and construct "memory balls" from the movie Inside Out. We will also explore playdough during the week.

Concept: We will explore our emotions this week and talk about the many "Inside Out" characters. We will also work on matching the "Inside Out" characters to the correct color.

Motor: The children will enjoy using the parachute during motor time.
