THEME: Fall

September 18, 2023

This week, we will introduce our new season of **Fall**. Our activities may take us outside, so please be sure to have your child dress appropriately.

The colors **yellow** and **green** will be introduced this week. Please bring in a stick or leaf from home (placed in a baggie and labeled with your child's first and last name) to compare with others during science time.

We hope everyone has a great week!!

Mrs. Desi, Mrs. Taghrid, Ms. Melissa and Miss Riley

Language Arts: The picture file will help us introduce our Fall theme. The children will love our new finger play "Out in the Garden." We will look at different colored leaves which will help us learn our new colors.

Concept: The first week of fall is a busy week for us in the Concept class. Along with our new colors, yellow and green, the concept of long and short will be introduced. We will use the water table to practice our pouring skills.

Craft & Writing: An array of fall crafts will be created using leaves, apples and paint. We will be adding a touch of **yellow** and **green** to our projects.

Motor: The children will have fun using our riding toys this week. As always, we will try to get outside and enjoy the beautiful weather!
