Language:
We will begin our theme of dinosaurs by listening to stories; we will sing songs and learn some new finger plays. We will also have a new oral language activity called "The Guessing Game".

Concept:
During concept time new shelf jobs will be introduced to reinforce our theme and our numbers 7 & 8. For our Group activity we will be estimating crayons and blocks. For a compare and contrast activity this week, we will be comparing our feet to dinosaur feet.

Craft & Writing:

The children will be working on tracing and printing papers that will reinforce our new numbers 7 & 8. We will also continue to work on our cutting skills and printing our names. Keep a look out for some Dino-mite art projects!

Motor:

The children will be working on a following direction game along with a path activity where the children will be crawling and walking across the balance beam. If the weather permits we will be going outside.

Reminders:

Monday, October 9th - Columbus Day the school will be closed for a staff training day!

With the cooler weather headed our way, the children may need jackets for outside time! We will be working on self-help skills and the children will work on putting on their jacket and trying to zip it all on their own! Please help by encouraging your child to do this at home.
