Weeks of 11/27 & 12/4

Theme: Families

Introduce: brown, purple, 3 & 4

Please bring in a family picture to share during class time

Happy Birthday Ameer Suleiman 11/27!

Language: We'll be discussing families using books, flannel boards stories, and looking at pictures of all different kinds of families.

All Kinds of Families

There are all kinds of families that I see,

Some are 2, some are 3

Some are 5 and some are 4

And some are more and more and more

Concept: The idea of one to one correspondence will be introduced- this is assigning one number to each item and will be reinforced with different games. Seriation will be introduced as well and we'll explore with the water table using funnels and sponges.

Art: We will be coloring and painting pictures of families. The colors brown and purple will be introduced, and we'll have fun painting with our new colors along with playing with play doh and shaving cream.
