Theme: Special Friends
Weeks of 11/6 & 11/13

Language: We will have a fun filled two weeks with many special friends. Our picture file will be filled with pictures of Toy Story, Sesame Street friends, and Winnie the Pooh! The class will learn a fun finger play called, "Five Special Friends Sitting in a Tree," and a flannel board story called "I Have a Friend."

Motor: In motor we will play a body parts game. The class will also use the balance beam. We'll use our motor skills to kick a ball. We'll love to learn the action words run and jump, especially when we do the actions when we see these words. We will be working on gentle hands by waving and shaking hands with our friends. The children will continue to go outside and run around as much as possible. Please make sure to put your child's name on everything, especially coats and sweaters. Thank you!

Concept: The children will continue talking about the weather and calendar in class. We will play a game dealing with long vs. short. We'll talk about how do we treat our friends— by using gentle hands and sharing!

Art: We will celebrate our "Special Friends" by making pictures of all our favorite characters. We'll also make a be nice, be polite, be a good friend craft.
