

"Don't compare your child to others.

There's no comparison between the sun and the moon. They shine when it's their time.

-Cassey Ho

The Kindergarten News

- Expressive Vocabulary — marred —flawed or marked in some way
noble — showing the greatness of character
- Bits of Intelligence — Presidents

Proverb — "April showers bring May flowers."

Language Arts

This week, we will primarily focus on reviewing to allow time to complete student assessments. You will have the opportunity to discuss the results of your child's Report Card at our annual Parent/Teacher conferences, which will be held on Monday, February 19th. This week, we will discuss Careers. We'll spend the week playing a fun guessing game called "What's My Job?". Each day, the students will be given clues about a particular occupation and then have a chance to guess the mystery job. This week, we will work on a project about what your child would like to be when they grow up. Please send in a picture of what your child would like to be when they grow up by Friday.

Math / Science

Our unit on space concludes this week. We will continue to learn more interesting facts about the planets and discuss astronauts and space travel. Work will continue with subtraction and reviewing past concepts while working through our assessments.

Important Dates

January 22nd – January Project due

January 26th- Wear your favorite Space shirt!

January 30th – Reading logs due.

February 2nd – Groundhog Day.

Our classroom tends to be on the chilly side during the winter.

Your child is welcome to keep a sweater or hoodie in their cubby to put on if they feel cold.
