

Junior Journal

Theme: Birds

May 6, 2024

The children will be introduced to bird-based vocabulary this week. Some of the new terms will include perch, plumage, quill, nectar, territory, incubate, and brood. The letters W and X will be introduced this week.

Mrs. Roxanne, Mrs. Catherine and Miss Taylor

**This week is Teachers' Appreciation Week...
Let's celebrate our great teachers!!**

Language Arts: The finger play "Two Little Blackbirds", our Think Link pictures, and Bit Cards will help enhance our theme discussions. A bean bag direction game will test our listening skills.

Concept: This week, we will practice lacing cards. The children will predict which objects will sink or float in water and play some games with feathers.

Craft & Writing: We will work on our cutting skills and create some colorful birds to "fly" around the room. These birds will be made from paper plates. Final assessments will be done this week as well.

Motor: If the weather permits, we will go outside to see how many birds we can find. In class, we will 'fly' around the room like the feathered friends we see outside. We will also make paper airplanes/birds to fly.

Important Info

May 18-Spring Show at 10:30am

May 27-Memorial Day, center closed

May 31-Last day of school
