

# Pre K News

**Theme: Farm**

May 13, 2024

Let's take a trip to the Farm and explore all that takes place on a daily basis.

Introductions this week include story #13 with the words, Help, Work, You.

Mrs. Paula, Mrs. Karen, Mrs. Donielle

**Language Arts:** We will be talking and reading about all the different types of farms all over the United States, and the different crops and animals in each region.

**Concept:** On an imaginary visit to a Farm, we will find out what happens each month over the course of a year. Hopefully, we will discover some interesting facts. For example, did you know that May is one of the busiest months at the farm? Stay tuned to find out why! We will also learn about all the ways that farmyard animals help us.

**Craft & Writing:** We are working on rhyming and beginning sounds in our papers. A sheep will be created in art class this week. Fun Friday is on its way, and water color painting is on the agenda.

**Motor:** While outside this week, we will review all our manners including "Use your words, NO hitting". Playing **Farmer in the Dell** and imitating farm animals will keep our muscles growing strong down on the farm.

## **Important Info**

May 18-Spring Show at 9:30am

May 27-Memorial Day, center closed

May 31-Last day of school
