

Bobbie Noonan's Child Care One's News

July 22 – 26; Summer Week #7

Theme: Journey Into Space

Language: This week in Language, we will introduce space with pictures and songs. We will hear a story about stars and the moon with finger puppets. They will learn planet names with flashcards and play space sounds. The week ends with a vocabulary review and a mini space adventure using soft toys.

Craft & Writing: This week in Craft & Writing, the children will decorate rockets using stickers and paint. We will craft simple astronaut helmets from paper plates. Using aluminum foil we'll make shiny stars. Finally we will assemble a space mural on the wall with all the crafts made during the week.

Concept: This week in Concept, we will embark on an exciting journey to space through simple and fun activities, with sensory activities such as: playing with "luna sand" and also exploring textures and colors that represent the space.

Motor: This week in Motor, we will have activities that promote physical development while we explore the theme of space with a space tunnel for the children to crawl through imagining that they move through space.
