## Concept:

Throughout the week, we will continue to introduce various shelf jobs, which will help the children practice with the shapes circle and square. We will also do shape patterning activities, and be introduced to a Montessori job called the cylinders. The children will also play the estimation game, and guess how many pencils are in the jar!

## Motor:

The children will be introduced to the ball and wand. Each child will get a chance to practice their hand-eye coordination. The children will also enjoy a path activity with stairs.

## Craft and Writing:
