

Ahoy Mateys

July 29, 2024

Put on your sailor hats and get ready to enjoy our Pirates week.

This is our last week of summer camp.

We've had a lot of fun!

Let's sail across the ocean and have a week full of commotion!

A tropical tree, a sailor hat and a parrot will just be a few of this week's craft activities. Our little pirates will learn about different types of whales, make a treasure map and investigate the movement of water. The rocking boat will be used to fish for letters, numbers and shapes. We will also feed the fish with catching and throwing activities and pretend to be little leapers on lily pads.

The stories "Pirate Pete" and "The Bravest Fish" will bring our imaginations on a ship full of adventures.

Batten down the hatches mateys, as we take a voyage to find the treasure hidden at Bobbie Noonan's

Aaaarrrrgggghhh!!!

Reminder: Our center will be closed to students on Monday, August 5 so that our teachers can participate in our Back to School meeting. Classes will resume Tuesday, August 6.

Special Guest: Thursday, August 1 Mary Macaroni visits this week. She will entertain the children through songs and audience participation.
