

# Mrs. Laura's VPK Class Weekly News

What's happening this week?

9/2-9/6

Theme : Evaluations

Intro: Aa and Bb 1 and 2

Let's check to see how we are doing so far!

## Craft and Writing

It's evaluation week! We will work this week on our first of three evaluations for the year. I will be seeing how they work with their pencils. I have papers to work on letters, numbers, writing their names, and tracing shapes. We will also draw a picture, practice coloring, and use the scissors!

It will be awesome to see how they progress through the year.

## Concept

For evaluations in concept, I will be "testing" the students on their counting, shapes, putting things in size order, self help skills, and a few other small manipulatives. While we work on our evaluations, I will give the class lots of free time to explore our concept job shelves.

## Motor

Motor evaluations: skip, jump, hop, balance, throw

## Notes

REMINDER: WE ARE CLOSED LABOR DAY 9/2

This week we will be doing a lot of in school work. You wont be receiving any papers from class.

## Language Arts

We will be working on our letters, colors words, days of the week, months of the year, and our sight words for our evaluation testing! The students will also be doing their first STARS testing with our computer. You will receive results for those asap!
