Over the next two weeks we will be working on papers to introduce the numbers 3 & 4 and letters Cc & Dd. The letters Cc and Dd and the numbers 3 and 4 will be added to the shelves for the children to work on. The children will learn about tally marks to graph things and we will also work on positional words like in, out, under, above and behind. We will also work on estimation activity, we will put things in order if size and we will do a Humpty Dumpty experiment. All these concepts and introductions will be worked on for the next 2 weeks.

Motor:

While outside, the children will enjoy rolling down the hill like Jack and Jill along with having a Humpty Dumpty race. As we plan to go outside for several activities this week, please be sure your child has the appropriate clothing and shoes for the up-coming weather. The kids will also be working on their balancing skills as the walk across the balance beam, the ball and wand will be used for eye hand coordination and their listening skills will be worked on with following directions activities like Simon Says and music with instruments.

POEM OF THE WEEK

“Twinkle, Twinkle Little Star”
Twinkle, twinkle little star,
How I wonder what you are.
Up above the world so high,
Like a diamond in the sky.

Twinkle twinkle little star,
How I wonder what you are.
