Letters: Ii, Jj, Kk & Ll

Sight Words: Look, hop, String, Bean

Upcoming Events

Columbus Day, October 14 center closed. The teachers will participate in continuing education training.

Gnome of the Week

Brendan Burfeind

Language Arts

We will talk about manners. Manners are kind and thoughtful ways to treat people. Rhyming words will be reviewed this week. A rhyming word is a word that sounds the same and is spelled the same at the end of the word. This is a fun lesson for the children. They love to rhyme!

Craft and Writing

The children will practice printing and tracing the new letters when working on phonics papers. We will practice cutting skills and make some fun crafts throughout the week.

Math & Science

Our review of the numbers 1 through 20 continues, focusing on matching numerals to their number words. We will learn about geometric solids. These shapes are fat not flat, and have sides that are called faces. The cube and cone, and cylinder will be introduced first. We will use attribute blocks to sort by color, size, shape and thickness.
