

Two's News

Week 5 September 9-13

Introductions: Aa **Vocabulary:** adorable: delightful

Bits of Intelligence: Flowers

Language: We have a lot of new songs and flannel board stories this week. She will also be talking with the children about activities you can do in cold and hot weather. The Aa phonics bucket will be introduced as well as our morning phonics song, A is for Amos. New pieces will be added to our caterpillar review. Rhythm sticks will add to the fun.

Concept: Ms. Cheryl has been hard at work planning some exciting things for this week. The children will count snowballs and match weather pictures. She will delight the class with an experiment. She will demonstrate how to make a cloud appear in a jar. We will also make cloud dough and play in the weather sensory table. Ask your child what they discovered frozen in the ice!

Craft and Writing: Mrs. Nicole will have the children play with Play-doh on weather themed Play-doh mats. She will encourage the children to try to make a sun, cloud or raindrop. We will also create weather pictures using our dot painters. The letter Aa will be reinforced through our readiness papers.

Motor: We are still getting to enjoy our daily outside time. This week we will do some puddle jumping and learn to put one foot in front of the other on the balance beam.

Thank you for all of the wonderful pet pictures!!
