Week 5: September 9-13, 2024

Pets

INTRODUCING: Story #2: String Bean, Come, come, and, jump
Numbers 5 & 6

LANGUAGE AND READING:

This week during Language, our class will be discussing the types of animals you can have as a pet. We will role play by being veterinarians and we will also learn all of the things you have to do to take care of a pet.

We will introduce our first Proverb, (Do unto others as you would have them do unto you). We will go over manners and some vocabulary words. Another story will be introduced called String Bean.

CONCEPT:

In Concept, the children will graph their favorite pet to see what the majority of the class likes. The numbers 5 and 6 will be added to the shelves. Seriation jobs will be added as well. The children will count and practice estimating. Lastly, the children will work on some Montessori jobs.

CRAFT AND WRITING:

We have many readiness papers to work on this week with the numbers 5 & 6. We will work on strengthening fine motor skills by playing with play dough. The children will get to make Pet projects. If time allows, the boys and girls will get free time off the art shelves as well.

We will work on assessing the children this week. This will give us a benchmark to see where everyone is at within the classroom.

PARENT NOTES:

If you have a picture of your families pet, please send it to school to share. If you don't have one, you can find a pet from a magazine that you may want as a pet. Also, please have your child bring in a stuffed animal to role play with.

Please provide a book bag for your child's belongings.

Please clean out your child's folder and book bag each day. This could be a great daily job for your child to do to show responsibility!
