

Toddler Times

Sept. 23-27 Week 7

Theme: Fall Fun

Introducing: circle

Fall is officially here and we are so excited to explore this new season together! While playing outside in our backyard we will look for falling leaves, squirrels and feel the changing weather. A song called "The Leaves on the Trees" is sure to get our listening ears working as we twirl down to the ground and swish, swish, swish them around. Our book of the week is We're Going on a Leaf Hunt. The children will see pictures of vibrant colorful leaves as we sing and pat our knees to this book's catchy tune.

In art class our hands will be busy as we glue circles red, orange and yellow to resemble leaves on a tree. A couple of special projects will decorate our classroom for the season and will be added to our art portfolios.

Our Fall themed sensory bin is on the agenda for this week. We'll work together to scoop and sort colorful pom-poms and leaves. A fun little acorn shaker might be hiding in there. Look out for our puppet Scamper the Squirrel! He loves to find acorns and hide them.

Parents: Please send in a few packages of wipes. They are running low. Thank you!
