

Toddler Times

Sept. 30-Oct. 4 Week 8

Theme: Leaves are Falling

Introductions: Number 1

The fall fun continues this week as we look for signs of Fall on our nature walks. Are the leaves changing colors or falling from the trees by your house? These are fun to talk about on our drive to school as well. The children will be introduced to a one to one correspondence activity where they will be asked to feed one squirrel one acorn. This will help prepare our toddlers for the introduction of our new number 1. We will also use one felt leaf to help us learn and count body parts such as one head, one nose, one belly. Try labeling and pointing to body parts at home too as this is an important skill for our toddlers.

Circle time will be filled with many themed songs, finger plays and flannel board stories. Some of these include “A Scarecrow Song”, “Ten Little Falling Leaves”. “The Mulberry Bush” and “I’m a Little Acorn.”

For art time the children will paint with various art mediums such as acorns and leaves. An adorable squirrel paper will make its way home this week.

**We are closed on Monday, Oct. 14th for
Annual All Staff Training.**
