The next two weeks we will be talking about pets and what it takes to take care of them. If you have a pet at home, please bring a picture to show and hang up in our room. Please make sure your child's name and the name of your pet is on the back. If you do not have a pet, your child may bring in a picture of a pet they would like to have and what they would name it. We will also be doing a special listening and we will read stories and sing songs about pets.

Craft & Writing:
The next two weeks we will be working on papers that will reinforce our theme of pets and the numbers 7 and 8. The children will also work on pet art projects, Play-Doh to work on their fine motor skills and they will practice tracing their names.

Concept:

The numbers 7 & 8 will be added to our shelves. The children will work on building a train using shape blocks and will also continue to work on estimation using a variety of blocks. In science, the children will learn how to mix primary colors to make different colors. We will also discuss how to care for our pets properly.
