

# Nursery

## News

Language Arts: Families are all unique and special in their own way. We will discuss the importance of families and share our family traditions. We will learn about families through songs and flannel board stories and puppet play.

Concept: This week we will focus on our new colors, adding brown and purple jobs to our shelves. The water table will be open this week and we will explore objects that sink and float.

Craft & Writing: We will introduce brown and purple in our craft making this week and practice both our scissor skills and prewriting skills. We will also be making some fun crafts to go along with our "Families" theme.

Motor: We will practice passing a ball to music and end the week with a fun obstacle course using the stair stepper.

### Student of the Week

Joe Goepfert  
Mari Lehane  
Aiden Marcordes

### Happy Birthday!

Gabriel Kuffel 11/5  
Mari Lehane 11/5
