

Lockport Kindergarten Newsletter

Week 25 Healthy Kids

January 27-31, 2025

Money will be introduced; penny, nickel, dime, quarter

LANGUAGE AND READING:

This week the children will be working on building words and building sentences. We will continue to discuss what compound words are and blends.

This week's topic is important as we teach the children about ways to be healthy. We will talk about doctors, nurses, hospitals, dentists, exercising, healthy foods and more! The children will also learn about the food pyramid and read stories about being healthy.

CONCEPT:

We have a graphing activity on whether or not the Groundhog will see its shadow.

The children will be introduced to money and the value of different coins. We will play games and use the money you bring in for the activities.

In science, we will have a germ experiment using soap and water.

Lastly, we will create our very own healthy snack.

CRAFT AND WRITING:

This week the children will work on printing their letters correctly and perfecting their handwriting. Always have your children start their letters at the top.

Along with readiness papers, we will utilize different art mediums such as play doh to create germs.

A germ craft will be enjoyed as well as a healthy food craft.

PARENT NOTES:

Groundhog Day is Sunday 2/2. We are all hoping for an early spring!

PARENT HOMEWORK:

Please bring in the following coins to school in a zip lock bag:

10 pennies
4 nickels
10 dimes
4 quarters

Thank you for your help!
