

# Junior Journal

**Weeks 26-28: February 10- 28, 2025**  
**Theme: Transportation/Valentine's Day**

## Language Arts:

We will celebrate these weeks with fun Valentine's Day stories, poems, and finger plays. Love is in the air! On top of the holiday theme, we will discuss various forms of transportation! Some of our favorites, The Little Engine That Could and The Wheels on the Race Car will be enjoyed. Lastly, we will play a fun review game on wheels.

## Concept:

Over these next weeks, the children will be learning positional words. To enhance our transportation theme, we will be working on land, air, and water activities. The children will learn various forms of transportation, as well as where and how they travel. Kookaburra, our counting puppet, will visit the children to help them with estimating and counting. We will be discussing and celebrating Valentine's Day.

## Motor:

We will get outside when we can, but if the winter weather keeps us indoors, the children will stay active using the balance beam, scooters, and ball and wand!

## Craft and Writing:

Transportation papers and projects will help us learn this topic. We'll have fun driving cars through paint. The month of February, we will be celebrating love, kindness, friendship, and Valentine's

Day!
